DEMOCRATIC ROT.

Their Campaign Liars In Order to Blemish a Man's Character, Would Bring Reproach Upon the Church.

The Browder Slanderers Traced Down And Proved Liars.

There are a few wild eyed Bailey democrats over at Ladonia, who began sometime back to quietly circulate very slanderous lies about Bro. Browder. The whole plot was being manufactured to explode a day or two before the election, but the lying hellhounds didn't have enough sense to know who Browder's friends were. The nature of the charges, if true, were sufficient to destroy Browder as a Christian gentleman, and besides bring reproach upon the entire Christian church. But with such democrats the good name of a church, the Christian character of an individual, does not even enter their polluted hearts. This ungodly proceedings at once aroused the elders, both populist and democrats at Ladonia, and like honest, true men they set about to investigate. They wrote to the Christian church at Gainesville, of which Bro. Browder was pastor two years, and also of Kirksville. Mo.

The following statement of the elders and correspondence, both from Gainesville and Kirksville, we clip from the Ladonia News:

A CARD TO THE PEOPLE.

Ladonia, Texas.

It has been reported here in town, and by good authority, that the church where U. M. Browder holds his membership had decided as follows: As soon as the campaign was over that they were going to withdraw fellowship from the said U. M. Browder, and from a religious standpoint strictly.

We wrote the elders of Gainesville to find out positively, and here is the report sent us, from the elders. Here is what they say:

Gainesville, Texas, Sept. 17, '94.—Eld. L. Gough, Dear sir and brother—Yours of the 15th to hand, contents noted. In reply will say that there are no charges against Bro. Browder.

ELDER CHRISTIAN CHURCH,
Gainesville, Texas.

And further is charged with conduct not becoming any man, much less a christian, and he a representative of the church to which we stand identifed with, and we desiring to know the truth, wrote to Kirksville, Mo., to find out the whole truth, so if he was guilty, we could denounce him, and if not guilty we could prove to the people where this report started, that it was false from beginning to end and herewith attach the letter from Kirksville·

Kirksville, Mo., Sept, 28, '94.—We the undersigned board of officers of the Christian church located in Kirksville, Missouri, take great pleasure in certifying to all whom this may concern that the report that Bro. U. M. Browder seperated husband and wife and seduced some young girl in our city is wholly false. A lie from beginning to end.

Bolt Mills To Close.

Lebanon, Pa., Oct. 14.—Four departments of the Pennsylvania bolt and nut works will close down to-morrow on account of lack of orders. They are the 16 inch rolling mill, the 8 inch mill, the 12-inch mill, and the puddling department. About 600 men will be thrown out of employment.

Men, who have been lifelong democrats, say they will stay at home or vote the populist ticket if Cleveland's influence is to dominate Texas democracy.—John H. Reagan, before the Dallas convention.

Davis Hector White's chances for re election to the governorship of Colorado are becoming more bright every day. The old gentleman's triumphal tour through the state attracts great crowds of people. When he gets up to talk they will not let him stop till his voice absolutely gives out. There are spontanious torch light processions, bands of volunteer miners, giant powder explosions and all the manifestations of the greatest enthusiasm where ever he goes.

Pulpit and Reform.

Houston, Tex., Oct. 14.—This evening Rev. J. C. Mason, pastor of the Central Christian church spoke to a large congregation. His subject was, "Reform and Reformers." This evening at Shearne Methodist church, Rev. Mr. Rankin, the pastor, delivered a sermon before a crowded house, his subject being, "A Night with the Gamblers, and Something I Beheld." Both sermons urged reform in city affairs.

SNAP SHOTS.

[Dallas News.]

Society rings the changes on a belle every time she changes the rings.

Indolence is patience over done.

No person who has no mind of his own can be liberal minded.

The very best way to surmount some difficulties is to go around them.

During the recent exciting Ashland campaign in far away Kentucky, the editor of the McKinney Gazette professed great solicitude for the honorableness and purity of congressional candidates. Since, his pretended sincerity in the matter has been subjected to a severe test and he has completely changed front. His candidate right here at home, before a large audience composed of a number of ladies, flourished a knife. threatened to murder and otherwise conducted himself in a manner more disgraceful than anything that a bluegrass audience ever gazed upon. Yet the Gazette man has never uttered a single, solitary word of rebuke to this man who so ruthlessly trampled all respect, propriety and common decency under his unhallowed feet. Yea more! The Gazette has attempted to shield him by not publishing his disgraceful conduct, which it endorses by admonishing the voters to return the erring offender to his seat in congress.

Andrew G. Curtin, Pennsylvania's famous war governor, died on the 7th inst., of old age combined with nervousness. Gov. Curtin was originally a whig. He was elected governor Pennsylvania by the republicans in 1860, serving throughout the war, his services to the Union cause being of the greatest value. He supported Horace Greely for president in 1872. Identifying himself with the democratic party, he was elected to congress three times by them, serving from 1881 to 1887.

ABSOLUTELY PURE

ORGANIZED LABOR,

ITS DEMANDS AND HOW THEY ARE TREATED.

Labor Organizations are Composed of The Most Intelligent Among The Masses.

Labor Should Be King Instead of the Abject Slave, and WouldBe If it Had the Manhood To Stand up For Its Rights.

Labor, both organized and unorganized, just now is having a tough time of it. There seems to be a concerted effort on the part of corporations to break down labor organizations. This effort is supported by most of the metropolitan dailies, the courts and the military. The railroad corporations are quietly dropping and blacklisting the A. R. U. men who took part in the recent strike. The courts can be relied on to issue injuctions and arrest the leaders, and the military stands ready to shoot down all who are reckless enough to protest against such actions. Reviewing the history of the legislature for the past twenty-five years and wonder how any sensible man who makes his living "in the sweat of his face" can vote either of the old party tickets.. There are in this country some strong labor organizations. Some of these number, and have numbered, over a million members. As a rule they are composed of the most intelligent men and women of their class, and in their station in life. Time and again have they sent petitions to congress asking for certain measures of relief. They have incorporated their demands and declarations in respectful language and presented them to our law-makers with the request that they be enacted into laws. But their demands have been ignored. There is hardly a labor organization of any note in the United States that has not asked for the enactment for a free silver coinage and an eight hour law. Both old parties profess to be in favor of these measures. Both have been in power, and yet the demands of labor are ignored. The appeal of the bankers and the beck and call of the corporations and manufactures have had more weight than the petitions of the men who furnish two-thirds of the votes and pay three-fourths of the taxes. Why should working men vote for parties who have persistently ignored their demands and necessities? It is no excuse to say the workingman does not know what he needs. He is not a ward of the politician, or of the nation. He is an American citizen, or at least he has the name of being such. He has a right to be heard. Yet if he does not and will not vote for what he wants he is not to be pittied. If he advocates a measure 364 days in a year and then on the 365th goes up and votes for and with a party that won't give it to him, he deserves the fate that awaits him. It is the old parties that appoint the courts that decide against him. and it is the old parties that turn the militia loose on him when he protests. It is the old parties that are worked in the interests of the corporations who are fighting him and trying to starve him into submission. When he votes for the old parties he votes the same ticket that his enemies do, for the judges that decide against him, the corporations that blacklist him and the militia that stands ready to shoot him.

Labor should be king, and would be if it would unite under a banner of common brotherhood, and be guided by the motto: "The injury of one is the concern of all." Labor produces all and pays all. If the farmers alone would withhold their products for only a short period of time they could have the world at their feet. How much stronger then could an organization composed of the workers of both city and country resist the encroachments of greedy capital? Not a wheel could move; not a spindle turn; not a fire be built. The capitalists are almost perfectly organized. While they know that they are dependent upon labor, they look upon organized labor as their inveterate foe, because only by organization can their encroachments on the rights of labor be resisted successfully. Thus the fight in this country is between manhood and money; between the citizen and the dollar. The citizen is represented by organized labor, and the dollar by organized capital. Labor must help make its laws. It can not depend upon capital to do it. Capital will legislate for itself and against labor. Therefore, labor must organize, unite and go to the polls together.—The Reasoner.

We demand that the untaxed notes of state or national banks shall be the only paper money, and that the government shall, with the development of a banking system adequate to the demands of trade, retire as rapidly as possible all its legal tender money.—(Dem. State Convention, Boston, Mass., Oct. 8. 1894.)

Cheap wool means cheap cotton.

An American citizen has a right to be a calamity howler.

The Dallas populist club is well attended every Friday night.

Two young German farmers were assassinated near Columbia, Texas.

Recruits of prominent men to the populist party are daily being announced.

Many democrats say that they will either vote the populist ticket or go a fishing.

Joe Bailey and Miles Crowly ought to set up a little sympathizing society of their own.

"Confidence" has returned, bringing the "glad" tidings of 50 cent wheat and 5 cent cotton.

Dissatisfied democrats can do no better than to vote for that grand old commoner, T. L. Nugent.

The shysters who have been engaged in ridiculing the populist party are now hiding their faces in shame.

THE eloquent Tammany orator Bourke Cochran says he does not want a renomination for congress.

The boys who are sore about the low prices of products should now do some hasty political thinking.

Joe Bailey seems determined to largely increase the populist vote in the fifth congressional district.

Levi P. Morton, the republican candidate for governor of New York is accused of using a foreign coachman in violation of the contract labor law.

The sum appropriated by the present democratic congress for pensions exceeded by $20,000,000 that appropriated for the same purpose by the republican "billion dollar congress."—Vice President Stevenson's Lincoln, Ill., speech, Oct. 10, 1894

Judge Lyman Trumbull, of Illinois, ex-United States Senator also honored by many other positions of trust, has joined the populists. A few days ago he addressed an immense audience of people in Chicago in which he personally announced in favor of populism

To Grover Cleveland: Texas repudiates silver and stands by you.-George Clark.

Voters, will you support a party whose leaders acknowledge that their platform is capable of being construed in many different ways?

Bailey said in his Sherman speech that he did not know how to take Browder. We are not surprised at such a statement.

The populist party is the party of the future. Like all great parties it may suffer defeat in its infancy, yet the campaign of education will go on unrelenting.

If Culberson is right, then the silver plank in the democratic platform is merely a useless farce.—Dallas News.

The Van Alstyne Leader says that Culberson's speech has a democratic ring. Yes, and the "ring" is to be placed in the nose of the voter who will be led into the arena of political inconsistency.

A gold bug writer attemps to show that farmers can raise 5 cent cotton by reducing the cost of production—work day and night, have the women and children to work harder and longer, reduce the expenses of clothing eating, &c. Such argument is enough to cause the devil to blush.

Bailey howled long and lustily about democratic simplicity in his first race against Judge Hare. He now complains of his "small" salary, $5000 and $100 per month extra for clerk hire.

You have no right to kick. Take your medicine. --J. S. Hogg, after the Dallas convention

The Dallas News says two great events occur next Saturday: namely, the opposition of Mars and the opening of the Dallas Fair.

The impending collapse of the Chinese Empire and the approaching death of the Czar of Russia bode interesting times across the waters in the near future

BAILEY had a great deal to say about the price of bagging and ties being reduced. It is a fact that cotton bagging & ties are higher this season than last season, so we are informed by gin men and farmers.

DEPLETED SCHOOL FUND

Gross Democratic Mismanagment of the

CHILDREN'S TRUST.

Comptroller McCall reports $2,275,500 school fund for next year and that there is $700,000 deficiency this year which must be paid out of the amount. The school fund owes to the general revenue fund $500,000, to say nothing of the present deficiency. $500,000 added to $700,000 is $1 200,000. The amount necessary to balance or square up the school fund to date. Subtract this $1,200,000, the real present deficiency from next year's fund of $2,275,500 and you will have $1,075,400 remaining to make next year's apportionment. Now, there are 693,770 persons within the scholastic age in Texas, which number divided into $1,075,500 will give less than $1.60 pro rata. If the democratic state board of education had been governed in declaring next year's apportointment, by the rules that all successful men follow in their every-day business transactions, they would have declared an apportionment of $1 60 or less instead of $3.50, as they did. But no! They were afraid to face the people with such glaring mismanagement as that would have at once convicted them of They had no more right to declare an apportionment of $3 50 than they had of declaring one of $10. They did it to deceive the people in order that the democratic party might be returned to power.

AN HONEST AND BRAVE DECLARATION.

We have a democratic administration, president, senate and house of representatives. If the first act of that administration be demonetization of silver, then good-bye democracy; it has lived only too long.—McKinney Enquirer.

It is reported that China has offered to accede to all of Japan's demands if Japan will end the war. China is the "jumbo" coward of the world.

A farmer was robbed of $80 near Bonham, Friday, as he was returning home from that city. Road agents did the work.

ROSWELL P. FLOWER, democratic Governor of New York, vetoed an appropriation bill to defray expenses of investigating the black, villianous police corruption of New York city.

Culberson is being censured for getting off the state democratic platform. It is such a rickety piece of work that Culberson is afraid of the thing. Charlie knows a bad thing when he sees it.

Mr. Crowley, of Galveston, the democratic nominee for congress, seems to have an unsavory record. We have not heard, however, of his using a knife in his joint discussions.

Ex Gov. Curtin's will has just been admitted to probate. He leaves his widow property nearly to the amount of $1,000,000.

THE total number of owners and employees of sugar refineries in the United States is only 7529 About two dozen own them and compose the trust. Under the present democratic tariff law they get about $50,000,000 annually and make from one half a cent to two cents profit on every pound of sugar used in addition to that. Can you still vote the democratic ticket thereby endorsing such a gigantic fraud and robbery?

The complete returns from Georgia election, show that instead of a light vote as some of the newspapers and states men have been claiming, the vote was 6000 larger than in 1892 and actually the largest in the history of the state. Yet the democratic majority was only about 20,000.—Memphis Commercial Appeal(Dem.)

Internal dissensions and rebellions in China, are assisting Japan in bringing her giant adversary under speedy, subjection.

Gov. Mitchell Says it Don't Go.

Corbett-Fitzsimmons Fight Will Not Be Allowed in Florida.

New Orleans, Oct. 12.—The City Item here is in receipt of a telegram from Gov. H. L. Mitchell, of Florida, in answer to a query as to whether the Corbett-Fitzsimmons fight would be allowed to take place on Florida soil. The following is a copy of the reply received from Gov. Mitchell:

Corbett and Fitzsimmons will not be allowed to meet in Florida even if the legislature has to be convened for the purpose of preventing it.

H. L. MITCHELL,
Governor.

POLITICAL FAVORITISM.

A democratic speaker recently referred to the days of Mugwumpery in Collin county and spoke of favoritism indulged in under Judge M. W. Johnson's administration. "Favoritism," indeed. Gentlemen, look to your own regime. Almost every depatment of your official abode is seething with favoritism from president down. Every appointment is made with the idea of paying a debt for political work done or to be done. We know of a would be judge whose heart is overflowing with hate for those who honestly differ with him in politics who lets no chance to wreak vengeance on his political opponents, yet we hear the cry of favoritism coming from the deceitful lips of democracy. Notwithstanding, the populists are trying hard to keep up a friendly feeling between the business men and the ruralites, proclaiming that the interest of one is the interest of the other, the howlers for democracy are trying to deceive the business men by telling them that populists are only disturbers, and will dynamite them if they get strong enough. After telling them this, they then call on the merchant and bleed him out of a huge campaign fund to aid in selecting the old gang. Shame, where is thy blush! We announce here with all the emphasis possible that POPULISTS BELIEVE IN GOOD GOVERNMENT, ARE OPPOSED TO FAVORITISM, ARE FRIENDLY TO BUSINESS INTERESTS. They ask for relief to the masses which will prove beneficial to all honest citizens.

No new party in the history of our country has grown so rapidly and that had such a bright out-look as the populist party. Wild assertions to the contrary are groundless. Stubborn facts as shown in various elections returns since 1892 prove in every instance that the populist party is not only holding its own, but has gained from twenty five to one-hundred percent on its vote in 1892.

Wm. B. Smith, of Elizabeth, N. J, has been arrested for stealing 50000 postage stamps.

William Thomas, of Pitman Grove, N. J., aged 70 years, quarreled with his wife twenty years ago, and they have not spoken to each other since although they have lived continually under the same roof.

The St. Louis union station recently completed, is the finest depot in the world. The train shed covers twelve acres of ground and is covered by concave glass. The total cost, including land, buildings, power house, train shed and tracks, was $8,000.000.

BALLS CITY.

W. C. Nye, of Balls City, was in to see us this week. Nye is hustling in the interest of this young and growing city, which is located between Galveston and Houston on the Santa Fe railroad. It is surrounded with the magnificent fruit region of the Gulf Coast. Situated upon an open prairie the gulf breeze pure and refreshing gently fans the cheeks of the inhabitants and with other adantages it is, consequently, a healthful and delightful place to live.

A contract has been let for the building of a handsome hotel. In fact the work has begun on the same. Several nice residences are in course of construction. Those who wish beautiful and delightful homes should at once address secretary E. H. Porter, Galveston, Texas, who will take pleasure in anwering all question. Farmers can find cheap homes surrounding Balls City and realize more from fruit and vegetable raising than by raising fifty cent wheat and five cent cotton.

Dr. Price's Cream Baking Powder World's Fair Highest Award.

THREE years ago the general school fund in treasury cash was over $1,000,000, now there is a deficit in this fund of over a half million, and the late democratic state convention approved this gross mismanagement by its sweeping endorsement of all the acts of the present state administration.

A far greater per cent of the law profession are office seekers and office holders, than any other profession or avocation in Texas. At least 90 per cent of the lawyers are democrats therefore it is an indisputable fact that the democratic party is the party of office seekers in Texas.

Harvey Bomar, who has been visiting relatives in this county for some weeks past, left Monday for California.

The democratic club held an enthusiastic (?) meeting Monday night. About thirty five persons were in attendance and no more than about ten, we judge, took part in the voting. Quite a little wrangle was brought on by the introduction of a resolution endorsng Dudley and Culberson's construction of the financial part of the state platform, but the resolution went through with a whoop by a vote of about six to three and thus flashed forth to the world that the fortune of grand old Collin democracy was cast with the free silverites; and Charley Culberson was overwhelmingly (?) vindicated. Reports from over the country were to the effect that populism was on the boom and democracy was very tired and sleepy.

A cup of Parks' Tea at night moves the bowels in the morning without pain or discomfort.

The executive committees of Hunt and Collin nominated J. M Rollins for senator yesterday. Mr. Rollins is an intelligent farmer, of Hunt county, and will make an able standard bearer for the populist in the 5th senatorial district.

CITY COUNCIL.

At a meeting of the City council, Tuesday night, the ways and means committee preferred charges against City recorder, Z. M. Shirley, charging him with gross negligence of official duty. A motion was made to remove him from office which was unanimously carried. A motion was carried to the effect that the council will entertain propositions from private parties to establish water works in McKinney.

Lizzie Doty was elected as an assistant teacher in the colored public school of this City.

Various accounts were approved.

It is evident that the council is going to have better side walks in the city if it has to build or repair them and sue property owners for the costs. We advise our citizens to look after their side walks and save costs.

The council will elect an other recorder at its next meeting.

The Sherman, Shreveport & Southern railroad will sell round trip tickets to Musgrove Springs, Texas, until Oct. 31 good for 30 days at one and one third fare.

We have several good communications which will be published in our next issue.

To The Voters of Collin County.

On Tuesday, November 6, next, you will be called upon to exercise your privileges at the ballot box. How well will you attend to that duty? Will you allow the political hangers-on, ward heelers and dead beats to continue their work of intimidation and deception? Will you longer listen to a gang whose only object is to gain spoils and further their own individual interests?

We beseech you to break loose from the old political moorings, look to the interest of yourself and fellow beings. The times are out of joint. Labor languishes without reward. It cries for help. Will you not answer kindly to the call? Upon the shoulders of Labor rests the progress and happiness of the human race. Will you not vote to lighten the burden? Every populist in Collin county should talk and distribute literature from now until the election and when the election arrives, rise early and go to the polls and work like Trojans for the whole populist ticket until the polls close. See your neighbor populists and urge upon them the the importance of attending the election and cast his vote in favor of reform in government, against fifty cent wheat, five cent cotton, business depression and the general reduction of values. These sad coditions are the result of government extravagance and duplicity. Not withstanding the products of the earth are great, yet men, women and children who labor for these results are suffering for a sufficient amount of clothing and food, when in fact they should be blessed with a surplus to lay up for help in time of sickness or old age. Gentlemen, do not hesitate to WORK! WORK!! WORK!!! Let your voice be heard. No matter if you do live in a community whose politics are contrary to yours. You have a right to political opinion and preference. Don't be intimidated. Gather up your courage. Go to the polls and VOTE for populism.

There is no medicine so often needed in every home and so admirably adopted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothach or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be donewhen Pain Balm is at hand. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle and you will never regret it. For sale by H. C. Herndon.

Prompt, courteous attention and low prices are the inducements at the Nickel store.

STATUE OF THE REPUBLIC COURT OF HONOR WORLD'S COLUMBIAN EXPOSITION.

The World's Columbian Exposition marked the climax of human achievement. It will live in memory of the crowning glory of modern times. No other development of the closing century can compare with it in practical benefit to mankind.

Who that exhibited is not proud of it? Who that failed to exhibit does not regret the omission? The former are the people of to-day. The latter are relics of the past.

No honor so high as that embodied in an award at the fair. Competition was world-wide, the fruits of ripest experience and noblest endeavors were submitted for examination.

Honest tribunals, composed of eminent scientists, examined and passed upon the claims of exhibitors. Their judgement based on inquiry and justice, proves conclusively the value of any article they commend.

Their approval was stamped on

Dr. Price's Cream Baking Powder

It received the highest award at the fair from a jury headed by the Chief Chemist of the U. S. Department of Agriculture. Dr. Price's was officially commended for highest leavening power, purity, keeping qualities and general excellence.

From Uncle Lewis.

Farmersville, Tex., Oct. 12-94

Editor Democrat:

I regard THE DEMOCRAT as a first class paper on the order of reform, which is doing an immense amount of good. Nine tenths of our people want free coinage of silver, and just how a man can claim to be a democrat and follow the single gold standard crowd it is a mystery to me. When I was a young man I voted the democratic ticket and later on I sometimes voted the republican ticket. Times were better then. One could realize enough from their labor to keep plenty to eat and wear on hand. Now one can hardly realize enough to keep soul and body together.

Populists are willing to guarantee equal rights to both the rich and poor. Why should the business and professional world oppose the workers? The latter are their only hope and support. When the producer fails all are injured. Let us have an increased circulation of money. Without a sufficient amount of money the government withers just as the human frame wastes when lacking blood.

H. L. SIDES.

Cross Roads Itmes.

We are going to write a line just to see how 'Cross Roads" will look in print. If it shows up for what it is worth, we may write again.

The boll worms have gone and contrary to the propbesy have left cotton—enough for farmers to worry over the price. Our farmers will give cotton the G. B. another year. They have already begun to sow wheat, they say that fifty cent wheat beats five cent cotton

But your scribe thinks hogs and corn, with a little hominy, beats both wheat and cotton. Moral: Roast the hog and make the corn into "Johnnie cakes."

Our people seem to have educational interest at heart. They have lately built a neat little cottage for our teacher, and have pledged money for a six month school. Our teacher is pushing the school library subject with vigor. And some say he is pickling hickories for the winter season which will open November 1. Watch out small boys!

The Baptists are talking of building an additon to their church. The soliciting and building committees have been appointed, but as we are not in possession of the plans and specificatins we forbear the write-up particulars. We would advise the editor and his staff officers to hide out next week if they haven't got a loose ten dollar bill in their flank for the soliciting committee is headed that way.

We will stop off short, for fear that enormous mouth of the wastebasket gulps us down: If we escape this time, we will write up Cross Roads in a dif fert style in the future.

ABE JONES.

Shall the party keep faith with the people of Texas? Don't fool them or disappoint them. Let makeshifts alone and courageously announce a clean cut, honest platfom! This is my position and advice.—J. S. Hogg, before the Dallas Conventin.

From a Democrat.

McKinney, Tex., Oct. 10 1894.

Editor Democrat:

Our paper money has been declared good any where in the world. It looks strange to us that our paper money shond be accounted good when it is redeemable in silver, while at the same time our silver dollars are denounced as a depreciated currency, only worth about fifty cents on the dollar in foreign markets. Such stuff don't strike a 16 to 1 silver man as being consistent or being any thing but mere bosh to assist the gold bug advocates in debasing our silver currency in the minds of the people, and in the interest of the tories who have sold our country to England and are now proceeding with the delivery. A DEMOCRAT.

Lion Cub.

Denton, Tex., Oct. 13.—One of the lionesses of the Lemen Bros.' show here yesterday gave birth to a male cub. It was given the name of 'Denton' and much was made to do over it by the show people.

THE SMALLER, THE BETTER.—If you can only be sure that a small pill will do you as much good. Dr. Pierce's Pleasant Pellets are smaller than any others, sugar-coated, easier to take and easier in the way they act—and yet they really do you more good. Their refined and concentrated vegetable extracts act upon the liver in a natural way that *lasts*. They have a peculiar strengthening effect on the intestines. They not only relieve, but permanently *cure*.

In every liver, stomach, and bowel disorder—Constipation, Biliousness, Indigestion, Windy Eructations, "Risings of Food," Sick or Bilious Headaches, Sour Stomach—they're *guaranteed* to give satisfaction, or your money is returned.

Notice to Old Confederates.

McKinney Texas, Oct 10.—Editor DEMOCRAT.—Mrs. Katie Cabell Currie President of the Daughters of the Confederacy desires me to give notice to confederates and their friends that the 25th day of October (Thursday) has been set apart by the Dallas Fair Association as Confederate day at which time all confederates and their friends are urged to attend. Fifteen percent of the proceeds of that day will be edevoted to the erection of a monument in Dallas to the memory of the private soldiers of the confederate armies. Among the distinguished persons expected to be present on that day are Gen. Wade Hampton, Gen. Sul Ross, Gov. Lubbock, Gov. Coke, Hon John H. Reagan, Mrs. Hays, daughter of Jefferson Davis, Miss Lucy Hill, daughter of Gen. A. P. Hill, two daughters of Gen. John B. Hood and seveal other persons of distinction. Gen. Cabell suggests that every camp send a representative.

There will be unusual attractions at the Fair on that day. Trusting that a large delegation of confederates will be present on that day I am very truly Yours,

Romantic Wedding.

Denton, Tex., Oct. 14.—A marriage, without few romantic features, was consumated in a dry goods store here last night. The parties to the ceremony, a Mr. Durham and Miss Pugh, reside at or near Drap in the northwest part of the county. Objections had been made by the young lady's parents; an elopement followed and subsequently the couple were overtaken by the young lady's father at Sherman. She refused to return home without her gallant lover by her side as her husband, and finally the father's consent was obtained and they came here last night and the couple were married by the pastor of the local church. An oyster supper followed and all parties seemed to be of good cheer.

The Pops in Texas.

A. A. L. in Chicago Times.

Colonel William Green Sterrett of The Galveston Dallas News has received to day from a democratic constituent in Texas the following gloomy verse. It was in reply to a query as to what the third party was developing in the Lone Star regions.

The pops are doing
well in Texas.
The pops charge round
pell mell in Texas.
They're to cut a swell,
Their numbers none
can tell,
But they're surely raising——in Texas

Colonel Sterrett says he has read a good many affecting poems in his life, but confesses that none of them ever left him feeling so limp as this. It has imbittered the autumn for him.

Sells Brothers' Astonishing Aggregation.

Coming to McKinney on Monday, October 22. Its fame rests securely on a triumpal success covering almost a quarter of a centery. It is worthily accorded the highest niche in the temple of American amusemets, and is the strongest evidence of "the survival of the fittest." The royal road to the people's hearts is reached only through unwavering integrity and strict adherence to fixed principle, and to this end Sells Brothers' motto in orgaizing "Big Show of the World" for 1894 is to excel, not only in presenting to the American public an exhibition morally, pure and instrucive, but greater, grander in its extensive Zoological Arenic and invincible special featuers, merged and marshaled in a glorious and unparalleled unity, embracing two hundred sterling acts in three rings and two elevated stages, equestriennes, bareback riders, racers, thirty-horse riders, trained horses, educated ponies, trained Hippotimi, trained Seals and Sea Lions, grimaldis, somic clowns, Jolly Jesters, of all earth's illustrious mid air and arenic champions, coming in all its entirety in three special railway trains, owned and controlled by Sells Brothers, the millionaire magnates, Remember the price is within the keeping of the times and has been reduced to fifty cents for all combined shows. Watch for the grand gorgeous parade at 10 A. M. on the day of the exhibition. Special excursion rates on all lines of travel.

"Mr. Speaker, I desire to state here that in my humble judgement the measure which we are now asked to pass (the senate tarff bill) is a more obnoxious measure than the McKinley act, which it is designed to supplant"—BOURKE COCHRAN.

"The passage of this bill means party perfidy and party dishonor."—GROVER CLEVELAND.

***

"The bill is five per cent worse than the McKinley Iniquity."—ROGER Q. MILLS.

In the first race made by the republican party it received 65,000 votes, and when Lincoln was elected president he didn't receive as many votes as Weaver did in 1892.

In 1892 Gen. Weaver received one million two hundred and forty thousand votes. He received some votes in every state in the Union, and the party is growing in every state, steadily gaining strength and increasing in numbers.

Judging from the number of criminal lawyers defending it, Texas Democracy is the vilest miscreant that has ever appeared before the popular bar of justice.
